

24.02 Environmental Policy

The current Company Environmental policy is documented below. The policy is reviewed on a regular basis by the Environmental. This Environmental Policy will be reviewed on an Annual basis to ensure its ongoing appropriateness to the company and issued in January of each year.

Policy

CGB Humbertherm Ltd design, manufacture, assemble and install thermal and acoustic insulation systems.

We aim to create a better environment through the regular monitoring of our products and services. With this in mind we are committed to :

- Continual improvement of the company's environmental performance by means of an Environmental Management system, BS EN ISO 14001:2015, which is communicated, implemented and maintained at all levels within the company including top management.
- Through BS EN ISO 14001:2015 CGB Humbertherm Ltd will set and review environmental objectives and targets.
- Comply with all applicable legal environmental legislation and other requirements relating to environmental aspects.
- Reduce waste (including energy) to the lowest practicable level. Where this proves unavoidable the waste streams will be evaluated for their reuse and/or recycling potential.
- The prevention of pollution by the control of processes which may have an impact on the environmental.
- Provide training and support to enable all our employees to recognise their responsibilities regarding the protection of the environment.
- Make our environmental policy, aspects and objectives available to interested parties upon request.
- Communication the environment policy to all persons working for, or on behalf of the company.
